NATURALIST

Nature Craft: Enjoy these fun nature-themed activities geared toward adults and older children. This winter we offer Beachstone Jewelry and origami fish.

Star Gazing: A big dark sky with lots of stars is a memorable part of the Weekapaug experience. Join the Naturalist after dark to spot the moon, stars and constellations.

Birding by Van: Utilizing the Inn van we will visit locations where we will likely spot seasonal birds through our spotting scope.

Van Tour to Watch Hill for Sunset: This outing is about an hour long and we typically drive to the lighthouse for big views of the sunset. In the event of overcast sky, we will explore this charming village and its history.

Naturalist's Van Outing to Kettle Pond Visitor Center: KPVC is located in a lovely modern building in the woods of Charlestown, which is also the regional headquarters for US Fish & Wildlife. The visitor center features beautiful dioramas and displays that represent various habitats found in the five Rhode Island refuges.

Solar Sunday: View the sun through our beautiful scope outfitted with a high-end solar filter. This is a safe way to see sunspots on the surface of the sun.

Van Tour to Watch Hill Lighthouse: In the cold winter months a trip to the historic Watch Hill lighthouse is a fun way to get an up-close view of the Atlantic from the warmth of our van. Big views and a lovely lighthouse.
