History of Weekapaug with Tom Boll: In the late 19th and early 20th centuries, Weekapaug began to develop as a summer resort destination. Families from nearby cities such as Providence and New York built summer cottages and large, shingle-style homes along the coastline. The construction of these seasonal residences marked the transformation of Weekapaug from a sleepy agricultural community into a fashionable seaside retreat. Weekapaug's history is a testament to the resilience and spirit of its residents, who have weathered storms and changes while maintaining a deep connection to their coastal heritage. Mr. Boll will present the history of Weekapaug along with stories from founding residents.

Weekapaug Inn 125th Anniversary Evening: 1899: William McKinley was President, America had 45 states in the Union, and the first guests were welcomed to the Weekapaug Inn. Weekapaug Inn has always been about community. On Saturday July 13th 2024, join us for a celebratory community event with dinner and dancing. The event is open to Weekapaug Inn Pond Club Members and neighbors within the Weekapaug Fire District. Proceeds from the evening will go towards the Weekapaug Chapel Fund.
